PROFESSIONAL EXPERIENCE

Web & Software Developer Intern

Nov 2024 – Present

Distinct Digital Solution · *JavaScript, HTML, CSS, MySQL, .NET Framework*

- Built and enhanced responsive client websites and web application features in a fast-paced agency environment.
- Optimized MySQL queries and table indexing to improve data retrieval performance.
- Contributed to modular frontend–backend integrations using JavaScript, jQuery and the .NET Framework.
- Tested and debugged features before delivery to keep client releases reliable.
- Used GitHub Copilot and ChatGPT to speed up development, reviewing all generated output for code quality.

SELECTED PROJECTS

ZervLifestyle

Web Application

Created a responsive lifestyle-brand website using HTML, CSS and JavaScript; improved asset delivery and cross-browser usability.

ZervStudio

Interactive Portfolio Platform

Built a creative studio portfolio with responsive media components, structured DOM interactions and smooth navigation.
